Förderverein?

What is that?

Many of you may be new to Germany and are not familiar with the term "Förderverein." A Förderverein is basically an association that supports a particular group and is often founded to provide financial support. The main task of a Förderverein is to raise donations for financing projects through fundraising and the recruitment of new members.

What is friends of siss?

friends of siss is the Förderverein for the international community school branches at the Schuldorf Bergstraße. This community comprises the following:

- **International Preschool/Kindergarten** (ages 3–6)
- **International Primary branch** (grades 1–4)
- **International Secondary branch** (grades 5–12, IGCSE/IB)

friends of siss helps cover the "extras" the International Preschool and International school branches need beyond what state funding is able to provide. This ranges from playground or classroom equipment, IGCSE/IB teaching resources, support with teacher training in these programmes, social events in our school branches and support to graduation events.

friends of siss works closely with the elected parent representatives, teachers, school management and our members to ascertain where financial support is needed or would be beneficial.

friends of siss is a registered non-profit association. This means your membership dues and donations are tax-deductible.

Become a member

friends of siss endeavours to support the international school branch community and make it the best it can be. By becoming a member of **friends of siss** or making a donation, you will be supporting the resources used by our preschool, primary and secondary students.

To become a member of **friends of siss** and lend your support, please fill in the form overleaf.
